

BLOOMBERG L.P. NEWS OFFICE

Berlin, Pariser Platz

Bloomberg L.P. appointed AUKETT + HEESE for the concept and detailed design and site supervision of their Berlin Bureau on Pariser Platz with direct views of the Brandenburg Gate. The Bureau, with 620 sq.m. includes a TV Studio, Computer Room, Meeting Rooms and Visitor Areas.

The open plan offices link these areas, meeting rooms are enclosed in glass walls for acoustic privacy. The complex mechanical and electrical installations are incorporated in purpose-designed ceiling elements. A fish-tank as centrepiece is a contrast to the busy newsroom.

Completion: May 2004
